[Public Land Order 5079]

[Oregon 7331 (Wash.)]

WASHINGTON

Revocation of Executive Order No. 6704

By virtue of the authority vested in the President and pursuant to Executive Order No. 10355 of May 26, 1952 (17 F.R. 4831), it is ordered as follows:

1. Executive Order No. 6704 of May 8, 1934, which withdrew the following described public domain land for use by the Department of Agriculture as a fire lookout site in connection with the administration of the Colville National Forest, is hereby revoked:

WILLAMETTE MERIDIAN

SWEDE PASS LOOKOUT

T. 38 N., R. 39 E.,
Sec. 18, W½ of lot 1.

The area described contains 20 acres in Stevens County.

2. At 10 a.m. on July 16, 1971, the land shall be open to operation of the public land laws generally, subject to valid existing rights, the provisions of existing withdrawals, and the requirements of applicable law. All valid applications received at or prior to 10 a.m. on July 16, 1971, shall be considered as simultaneously filed at that time. Those received thereafter shall be considered in the order of filing.

3. The land shall be open to location for nonmetalliferous minerals at 10 a.m. on July 16, 1971. The land has been and continues to be open to applications and offers under the mineral leasing laws, and to location under the U.S. mining laws for metalliferous minerals.

Inquiries concerning the land should be addressed to the Manager, Land Office, Bureau of Land Management, Portland, Oreg.

HARRISON LOESCH,
Assistant Secretary of the Interior.

JUNE 10, 1971.

[Public Land Order 5080]

[Oregon 6138 (Wash.)]

WASHINGTON

Correction of Public Land Order No. 5010

By virtue of the authority vested in the President and pursuant to Executive Order No. 10355 of May 26, 1952 (17 F.R. 4831), it is ordered as follows:

1. Public Land Order No. 5010 of January 26, 1971, withdrawing lands for a national forest campground, electronic administrative site, and rock pits, appearing in 36 F.R. 1895-6 of the issue of February 3, 1971, so far as it described the name as Boulder Rock Pit No. 1, and the land under sec. 7, T. 24 N., R .4 W., as the SW¼SE¼, is hereby corrected to read "Boulder Creek Rock Pit No. 1" and "NW¼SE¼", and under Lake Cushman Rock Pit No. 2, sec. 9, T. 23 N., R. 5 W., line 5, the number 2347 is hereby corrected to read "2357".

2. The lands are national forest lands within the Olympic National Forest. At 10 a.m. on July 16, 1971, the land described as the SW¼SE¼ sec. 7, shall be open to such forms of disposition as may by law be made of such lands.

HARRISON LOESCH,
Assistant Secretary of the Interior.

JUNE 10, 1971.

Title 46—SHIPPING

Chapter I—Coast Guard, Department of Transportation

SUBCHAPTER N—DANGEROUS CARGOES

[CGFR 71-15(a)]

PART 146—TRANSPORTATION OR STORAGE OF EXPLOSIVES OR OTHER DANGEROUS ARTICLES OR SUBSTANCES, AND COMBUSTIBLE LIQUIDS ON BOARD VESSELS

Hypochlorite Solution Containers

The purpose of this amendment is to allow carriage by water of hypochlorite solutions, not over 16 percent strength, in Department of Transportation specifications 6D (49 CFR 178.102) and 37M (49 CFR 178.134) overpacks with either DOT specifications 2S (49 CFR 178.35) or 2SL (34 CFR 178.35a) inside polyethylene liners. The amendment was proposed in a notice of proposed rule making (CGFR 71-15) issued on February 18, 1971 (36 F.R. 3128). Interested persons were invited to attend an informal hearing on March 30, 1971, and to submit written data, views, or comments on the proposal.

No oral comments were made at the public hearing. One written comment was received. This comment was also received by the Hazardous Materials Regulation Board regarding the proposed amendment for the same article in 49 CFR 173.277, which appeared in a notice of proposed rule making (Docket No. HM-78; Notice 71-5) issued on February 18, 1971 (36 F.R. 3130).

By a separate document published at page 11734 of this issue of the FEDERAL REGISTER, the Hazardous Materials Regulations Board, in response to the written comment, has changed the expression of the oxidizing power from 11 percent to 16 percent. For the reasons given in that document, and the necessity for standardization, the Coast Guard has also made this change.

In addition, in response to the written comment, the proposed amendment has been changed by not designating specification DOT-6D as a nonreusable container, and specification DOT-6J steel barrel or drum, which appears in the present § 146.23-100, has been corrected to a specification DOT-6D.

In consideration of the foregoing, the article "Hypochlorite solutions containing more than 7 percent available chlorine by weight" in 46 CFR 146.23-100 is amended by revising in the fourth column, the outside containers "steel barrels or drums" for sodium hypochlorite solutions not over 16 percent strength to read as follows:

§ 146.23-100 Table F—Classification: Corrosive liquids.

* * * Required conditions for transportation * * * Cargo vessel.

* * * * *

Outside containers:

* * *

Authorized only for sodium hypochlorite solution not over 16% strength:

* * *

Steel barrels or drums:
(DOT 6D or 37M (NRC) WIC (DOT 2S, 2SL polyethylene) not over 55 gal. cap.

(R.S. 4405, as amended, R.S. 4417a, as amended, R.S. 4462, as amended, R.S. 4472, as amended, sec. 6(b)(1), 80 Stat. 937; 46 U.S.C. 375, 391a, 416, 170, 49 U.S.C. 1655 (b)(1); 49 CFR 1.46(b))

Effective date. This amendment becomes effective on September 20, 1971.

Dated: June 11, 1971.

W. M. BENKERT,
Captain, U.S. Coast Guard, Acting Chief, Office of Merchant Marine Safety.
