# TITLE 41—PUBLIC CONTRACTS

## Chapter II—Division of Public Contracts, Department of Labor

### PART 210—STATEMENTS OF GENERAL POLICY AND INTERPRETATION NOT DIRECTLY RELATED TO REGULATIONS

#### WALSH-HEALEY PUBLIC CONTRACTS ACT RULINGS AND INTERPRETATIONS NO. 3; ALTERNATIVE METHODS OF COMPUTING OVERTIME

In order to permit an alternate method of computing overtime under the Walsh-Healey Public Contracts Act upon the same basis as that permitted under the Fair Labor Standards Act by virtue of Part 548 (29 CFR Part 548), issued herewith, section 42 (f) (1) of the Walsh-Healey Public Contracts Act, Rulings and Interpretations No. 3, is hereby amended to read as follows:

(f) *Alternative methods of computing overtime.* (1) For employees who are paid piece rates or different hourly rates for different jobs, overtime compensation required by the Public Contracts Act may be computed in accordance with section 7 (f) (1) and (2) of the Fair Labor Standards Act. Also for any employee, regardless of the method of compensation, overtime compensation required by the Public Contracts Act may be computed on the basis of a rate authorized in accordance with section 7 (f) (3) of the Fair Labor Standards Act. Thus the overtime requirements of the Public Contracts Act will be met if, pursuant to an agreement or understanding arrived at between the employer and the employee before performance of the work, the amount paid to the employee for the number of hours worked by him in excess of 8 in any day or in excess of 40 in any workweek (whichever is greater)—

(i) In the case of an employee employed at piece rates is computed at piece rates not less than 1½ times the bona fide piece rates applicable to the same work when performed during non-overtime hours; or

(ii) In the case of an employee performing two or more kinds of work for which different hourly or piece rates have been established, is computed at rates not less than 1½ times such bona fide rates applicable to the same work when performed during non-overtime hours; or

(iii) In the case of any employee, is computed at a rate not less than 1½ times the rate established by such agreement or understanding as the basic rate to be used in computing overtime compensation thereunder: *Provided:* That the rate so established shall be authorized by regulation by the Administrator as being substantially equivalent to the average hourly earnings of the employee, exclusive of overtime premiums, in the particular work over a representative period of time,

and if (1) the employee's average hourly earnings for the workweek exclusive of payments described in (1) through (vii) of subsection (e) (3) above, are not less than the minimum hourly rate required by applicable law and (2) extra overtime compensation is properly computed and paid on other forms of additional pay required to be included in computing the basic rate of pay. The Divisions' interpretation of sections 7 (f) (1) and (2) of the Fair Labor Standards Act is contained in § 778.19 of the Interpretative Bulletin, Part 778 (29 CFR Part 778) on Overtime Compensation issued under that Act. The regulations authorizing established basic rates under section 7 (f) (3) of the Fair Labor Standards Act are set forth in regulations, Part 548 (29 CFR Part 548). In § 548.3 (e) of the regulations (29 CFR Part 548) reference is made to "overtime weeks (in excess of 40 hours)" under the Fair Labor Standards Act. Under the Public Contracts Act "overtime weeks" are weeks in which more than 8 hours are worked in any one day or more than 40 hours are worked in any one week.

This amendment shall become effective 30 days from date of publication in the FEDERAL REGISTER.

Signed at Washington, D. C., this 29th day of July 1955.

STUART ROTHMAN,
*Solicitor of Labor.*

# TITLE 43—PUBLIC LANDS: INTERIOR

## Chapter I—Bureau of Land Management, Department of the Interior

### Appendix C—Public Land Orders

[Public Land Order 1198]

[481337]

#### ARIZONA

#### PARTIALLY REVOKING EXECUTIVE ORDER OF JANUARY 13, 1915, CREATING PUBLIC WATER RESERVE NO. 24, ARIZONA NO. 3

By virtue of the authority vested in the President by Section 1 of the act of June 25, 1910 (36 Stat. 847; 43 U. S. C. 141), and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

The Executive order of January 13, 1915, creating Public Water Reserve No. 24, Arizona No. 3, as construed by Department of the Interior Interpretation No. 49 of October 29, 1927, is hereby revoked so far as it affects the following-described lands:

GILA AND SALT RIVER MERIDIAN

T. 39 N., R. 6 E.,
Sec. 17, SE¼;
Sec. 20, NE¼NE¼;
Sec. 21, W½NW¼, SE¼NW¼, SW¼;
Sec. 27, W½SW¼, SE¼SW¼;
Sec. 28, W½NE¼, SE¼NE¼, E½NW¼, N½SE¼.

The areas described aggregate 880 acres.

The NE¼SE¼, sec. 28, is patented land.

The remaining lands are situated along Soap Creek, approximately 10 miles southwest of Marble Canyon, Arizona. U. S. Highway No. 89 traverses the lands in Section 27. The lands are rolling to rough. The soil is sandy with rocky outcroppings. Vegetation is very sparse and consists of a few native grasses and weeds. The greater portion of lands have only a small grazing value due to the rough topography and soil type.

No application for the restored lands may be allowed under the homestead, desert-land, small tract, or any other nonmineral public-land law unless the lands have already been classified as valuable or suitable for such type of application, or shall be so classified upon the consideration of an application. Any application that is filed will be considered on its merits. The lands will not be subject to occupancy or disposition until they have been classified.

This order shall not otherwise become effective to change the status of the restored lands until 10:00 a. m. on the 35th day after the date of this order. At that time the said lands shall become subject to application, petition and selection, subject to valid existing rights, the provisions of existing withdrawals, the requirements of applicable laws, and the 91-day preference-right filing period for veterans and others entitled to preference under the act of September 27, 1944 (58 Stat. 747; 43 U. S. C. 279–284), as amended.

Veterans' preference-right applications under the said act of September 27, 1944, may be received on or before 10:00 a. m., on the 35th day after the date of this order, and those covering the same lands shall be treated as though simultaneously filed at that time. Applications filed under the act after that time and during the succeeding 91 days shall be considered in the order of filing. Applications by the general public under the public-land laws, including the mineral-leasing laws, received on or before 10:00 a. m. on the 126th day after the date of this order shall be treated as though simultaneously filed at that time, where the applications are for the same lands; otherwise, priority of filing shall govern.

Inquiries regarding the lands shall be addressed to the Manager, Land Office, Bureau of Land Management, Phoenix, Arizona.

ORME LEWIS,
*Assistant Secretary of the Interior.*

4. The remaining lands in the areas described in paragraph 1 of this order, other than those described in paragraphs 2 and 3, are State or other nonpublic lands, and are not subject to appropriation under the public-land laws or the mining laws.

5. The public lands released from withdrawal are located approximately 25 miles east of Kaycee, Wyoming. The topography varies from nearly level to rough. Soils vary from clay to sandy clay loam and are generally unsuited to crop production. These soils support a mixture of grass and sagebrush and for the most part the vegetation is in good condition.

6. No application for the lands described in paragraph 1 may be allowed under the homestead, desert-land, small tract, or any other nonmineral public-land law unless the lands have already been classified as valuable or suitable for such type of application, or shall be so classified upon the consideration of an application. Any application that is filed will be considered on its merits. The lands will not be subject to occupancy or disposition until they have been classified.

7. Subject to any existing valid rights, the provisions of any existing withdrawals, and to the requirements of applicable law, the lands released from withdrawal by this order are hereby opened to filing of applications, selections, and locations in accordance with the following:

(a) Applications and selections under the nonmineral public-land laws and applications and offers under the mineral-leasing laws may be presented to the Manager mentioned below, beginning on the date of this order. Such applications, selections, and offers will be considered as filed on the hour and respective dates shown for the various classes enumerated in the following paragraphs:

(1) Applications by persons having prior existing valid settlement rights, preference rights conferred by existing laws, or equitable claims subject to allowance and confirmation will be adjudicated on the facts presented in support of each claim or right. All applications presented by persons other than those referred to in this paragraph will be subject to the applications and claims mentioned in this paragraph.

(2) All valid applications under the Homestead, Desert Land, and Small Tract Laws by qualified veterans of World War II or the Korean conflict, and by others entitled to preference rights under the act of September 27, 1944 (58 Stat, 747; 43 U. S. C. 279–284) as amended, presented prior to 10:00 a. m. on August 18, 1955, will be considered as simultaneously filed at that hour. Rights under such preference right applications filed after that hour and before 10:00 a. m. on November 17, 1955 will be governed by the time of filing.

(3) All valid applications and selections under the nonmineral public-land laws, other than those coming under sub-paragraphs (1) and (2) above, and applications and offers under the mineral-leasing laws, presented prior to 10:00 a. m. on November 17, 1955, will be considered as simultaneously filed at that hour. Rights under such applications and selections filed after that hour will be governed by the time of filing.

(b) The vacant public lands described in paragraph 2, and the reserved minerals in the patented lands described in paragraph 3 will be open to location under the United States mining laws, beginning at 10:00 a. m. on November 17, 1955. Mining locations made prior to that time are invalid.

8. Persons claiming veterans' preference rights under paragraph 7 (a) (2) above must enclose with their applications proper evidence of military or naval service, preferably a complete photostatic copy of the certificate of honorable discharge. Persons claiming preference rights based upon valid settlement, statutory preference, or equitable claims must enclose properly corroborated statements in support of their applications, setting forth all facts relevant to their claims. Detailed rules and regulations governing applications which may be filed pursuant to this notice can be found in Title 43 of the Code of Federal Regulations.

Inquiries regarding the lands shall be addressed to the Manager, Land Office, Bureau of Land Management, Cheyenne, Wyoming.
