of a Colombian import license for a parcel whose value does not exceed $20, he must return it to the addressee in Colombia.

Parcels mailed simultaneously by the same sender to the same addressee at one address and not mailed as a "group shipment" must, nevertheless, be marked in the following manner, in order that customs officials in Colombia may more readily ascertain the combined value of the parcels contained in a single mailing.

Each parcel comprised in a single mailing must bear a fractional number, the numerator of which indicates the number of the parcel and the denominator of the number of parcels comprised in the mailing. For example, if a single mailing were composed of 15 parcels they would be numbered 1/15, 2/15, 3/15, etc. Each such parcel would be required to bear two customs declarations and one dispatch note.

Parcels may be addressed to banks or other organizations for ultimate delivery to second addressees. The latter however may not take delivery without written authority from the first addressee, unless the sender arranges for change of address as provided in Part 137 of this chapter.

B. In country "Uruguay," as amended by 26 F.R. 1930, under Parcel Post, the item *Observations* is amended as a result of consular documents no longer being required for parcel post shipments. As so amended, the item reads as follows:

Observations. A commercial invoice must be enclosed in each parcel, and a copy sent by air direct to the addressee.

For gift parcels, the commercial invoice may consist of a simple statement showing the names of the sender and addressee with an indication that the parcel contains a gift with no charge involved.

Parcels may be addressed to banks or other organizations for ultimate delivery to second addressees. The latter however may not take delivery without written authority from the first adressee, unless the sender arranges for change of address as provided in Part 137 of this chapter.

PART 96—AIR TRANSPORTATION

Adjusting Air Carriers' Compensation When Accidents Occur

The regulations of the Post Office Department in Part 96—Air Transportation, as published in 26 F.R. 2299-2310, are amended by inserting "accidents" in the heading of § 96.6, and by adding a new paragraph (d) thereunder to state the Department's policy for adjusting air carriers' compensation when accidents occur. As so amended, the new section heading and paragraph (d) read as follows:

§ 96.6 Irregularities, deductions, fines, and accidents.

* * * * *

(d) *Accidents.* When an aircraft accident occurs, there is no legal obligation on the part of the postal service to pay the air carriers' transportation charges for mail that is destroyed. Air transportation charges shall only be paid for recovered mail from the city where emplaned on that carrier's system to the airport nearest the point of accident. Therefore, since the regional controller in the region originating the mail will pay the air transportation charges. Form 2734, Airmail Exception Record, must be prepared to recover the payment for that portion of the incompleted service.
