Chapter 9—Atomic Energy Commission

PART 9-2—PROCUREMENT BY FORMAL ADVERTISING

Subpart 9-2.2—Solicitation of Bids

PREPARATION OF INVITATIONS FOR BIDS

Section 9-2.201(b)(10) "Preparation of invitations for bids" is revised to read as follows:

§ 9-2.201 Preparation of invitations for bids.

(a) The following procedure shall be followed in furnishing copies of construction plans and specifications:

(1) On all invitations, plans and specifications will be available on request to all prospective bidders, including general contractors, subcontractors, and materials and equipment suppliers. Where the cost of reproduction is $10 or more, the charge shall be a minimum of $10 and subject to a maximum of $25, depending upon the size of the project and the number of drawings and the volume of specifications involved. Where the cost of reproduction is less than $10, the Field Office Manager has authority to make distribution at cost of reproduction, or free of charge, as a particular situation dictates.

(2) No refund for the return of plans and specifications will be made except when the invitation is canceled or no award is made under the invitation. Under such circumstances, refund of payments will be made upon return of the plans and specifications in good condition to the issuing office.

(3) Plans and specifications will be issued without charge to such organizations as The Associated General Contractors of America, American Road Builders' Association, Dodge Reports, Blue Reports, Brown's Letters, Inc., and others that maintain public plan display rooms.

(b) When an option to increase or decrease the quantities specified is employed, the percentage inserted in the option should not normally exceed 25 percent and in no event shall it exceed 50 percent without prior authorization of the Director of the Headquarters division or office concerned. The following language is suggested for incorporation in invitations for bids:

> The Government reserves the right to increase or decrease the quantity specified in any item of the schedule by ____ percent without change in the unit price, if at any time during the life of the contract such an increase or decrease shall be determined to be in the interests of the Government.

When the contract contains a provision for termination for convenience of the Government, the words "or decrease" in the option may be deleted.
