TITLE 32—NATIONAL DEFENSE

Chapter IX—Civilian Production Administration

AUTHORITY: Regulations in this chapter unless otherwise noted at the end of documents affected, issued under sec. 2 (a), 54 Stat. 676, as amended by 55 Stat. 236, 56 Stat. 177, 58 Stat. 827 and Pub. Law 270, 79th Cong.; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; E.O. 9599, 10 F.R. 10155; E.O. 9638, 10 F.R. 12591; CPA Reg. 1, Nov. 5, 1945, 10 F.R. 13714.

PART 4700—VETERANS' EMERGENCY HOUSING PROGRAM

[Veterans' Housing Program Order 1, Supp. 3]

CLASSIFICATION OF STRUCTURES UNDER VHP–1 AND CONSTRUCTION NOT COVERED BY VHP–1

(a) *What this supplement does.* Paragraph (d) (1) of Veterans' Housing Program Order 1 provides that it is not necessary to get permission under the order to do one or more jobs on a structure if the cost of each job does not exceed the allowance given for that class of structure. Different classes of structures are listed in the order, each with a specific job allowance. This supplement lists certain kinds of buildings and states the classes into which the various buildings fall. This supplement also explains the rules applying to buildings used for more than one purpose. In addition, this supplement lists certain items which do not come within the definition of "structure" given in the order and which are therefore wholly exempt from the order.

(b) *Classification of structures.* Paragraph (d) (1) of VHP–1 provides for an allowance of $400 per job for certain kinds of structures, an allowance of $1,000 per job for other kinds of structures, an allowance of $15,000 per job for other kinds of structures, and an allowance of $200 per job for stuctures not covered by the previous classes. The provisions of VHP–1 are quoted below and additional examples of structures falling within each class are listed.

(1) "$400 for a house or other structure (such as a garage) on residential property designed for occupancy by five families or less. This allowance also applies to farmhouses and other housing accommodations on farms, except bunkhouses and other accommodations for transitory farm laborers". (Paragraph (d) (1) (i) of VHP–1.)

The following kinds of structures are included in this classification:

- Any individual house designed for occupancy by 5 families or less even though it is on the property of a commercial, utility, institutional or industrial concern and used for the purpose of housing employees of the commercial, utility, institutional or industrial concern.
- A rectory or parsonage even though near a church and owned by a church.
- A house on a campus owned by a college and occupied by a college official.
- A boarding or rooming house designed for occupancy by 10 boarders or roomers or less.
- Row houses separated by party walls are considered separate houses.
- All private structures situated near and used in connection with one to five family houses, such as garages, piers, tool sheds and the like (except on farms, see paragraph (b) (2) of this supplement).

(2) "$1,000 for a hotel, resort, apartment house, or other residential building designed for occupancy by more than five families". (Paragraph (d) (1) (ii) of VHP–1).

"$1,000 for a building used primarily for one or more commercial or service establishments such as offices, banks, stores, laundries, garages, restaurants, night clubs, theaters, repair shops, warehouses, frozen food locker plants and radio stations". (Paragraph (d) (1) (iii) of VHP–1).

"$1,000 for a farm, excluding farmhouses. . . . A farm means a place used primarily for raising crops, livestock, dairy products or poultry for the market". (Paragraph (d) (1) (iv) of VHP–1).

"$1,000 for a church, hospital, school, college or a publicly owned building used for public purposes, or for an orphanage or other building used exclusively for charitable purposes". (Paragraph (d) (1) (v) of VHP–1).

The following kinds of structures are included in this classification:

- A boarding or rooming house designed for occupancy by more than 10 boarders or roomers.
- A dormitory or fraternity.
- A building used for a social club.
- A service station or garage.
- A butcher shop or bakery where most of the meat which is butchered or the products which are baked in the building are sold at retail in the building.
- A funeral parlor or funeral home.
- A radio broadcasting station.
- A building in a drive-in theater, such as an enclosed projection room or a screen forming an enclosure for storage purposes, for rest rooms or for other purposes.
- An individual barn or a farm building on a farm (other than a farmhouse).
- A greenhouse whether on-farm (agricultural) or off-farm (commercial).
- A building used for a nursery growing trees.
- A bunkhouse for labor on a farm or on the site of another establishment having a $1,000 allowance.
- A building on an experimental farm.
- A parish house.
- A college or university laboratory, field house or class room building.
- A grain elevator.
- A building in a retail or wholesale lumber yard.
- A repair shop, except a plant primarily engaged in reconditioning or rebuilding equipment or articles for resale.
- A drycleaning or laundering establishment, whether wholesale or retail.
- An office building, whether or not owned and occupied exclusively by a transportation, utility or industrial concern (except where situated on the immediate premises of a plant having a $15,000 allowance; see paragraph (e) below).
- A publicly owned pier not used for steamship or railway purposes.
- Other commercial piers and piers situated near and used in connection with structures entitled to a $1,000 allowance.

(3) "$15,000 for a factory, plant or other industrial structure which is used for the manufacturing, processing, or assembling of any goods or materials, for a logging and lumber camp, for a pier (other than a pier designed for amusement, entertainment or other commercial purposes), for a structure used for or in connection with a railroad or street railway, or a commercial airport, for a bus terminal, for a truck terminal operated by a common or contract carrier by truck, or for a research laboratory or pilot plant or for a motion picture set. This allowance is applicable to structures used for oil, gas, or petroleum producing, refining or distributing (except service stations and garages . . .). It is also applicable to utility structures (public or private) providing for electric, gas, sewerage, water, central steam heating, or telephone or telegraph communication services". (Paragraph (d) (1) (vi) of VHP–1).

NOTE: A structure covered by this paragraph (including a structure in a plant listed below) has an allowance of $15,000 per job even though it is owned and operated by an educational, charitable or public organization. However, a house for 1 to 5 families owned or operated in connection with any plant listed below receives only the $400 per job allowance described in paragraph (b) (1) of this supplement.

- A printing plant or newspaper publishing building.
- A plant engaged in the wholesale printing, developing and enlarging of photographs.
- A plant engaged in mixing and bottling syrup or soft drinks.
- A slaughterhouse, except on a farm.
- A bakery where most of the products baked are not sold at retail on the premises.
- A government (Federal or State) printing plant or other industrial or utility building.
- A plant primarily engaged in reconditioning or rebuilding articles or equipment for resale.
- An off-farm plant engaged in pasteurizing, separating or bottling milk or making butter or cheese.
- A scrap dealer's plant if it is primarily engaged in such processing operations as briquetting, pressing, or baling light iron, cutting up heavy melting steel, breaking up cast iron, detinning cans or smelting nonferrous materials for the purpose of making the scrap available for further use.
- A cotton compress warehouse engaged primarily in compressing and baling cotton.
- A building primarily used for a railroad station.
- A roundhouse.
- A railway or steamship pier or a pier situated near and used in connection with any structure or plant entitled to a $15,000 allowance (Warehouses and other buildings on a pier are considered part of the pier and are not separate structures).
- A garage or work shop used primarily for a bus company or a common or contract carrier by truck.
- An industrial or utility power house, whether public or private.
- An industrial or utility pumping station for pumping gas, water or sewerage.
- A telephone exchange.
- A bunkhouse for employees of a plant covered by this paragraph, if located on the plant site.
- A hangar, repair shop, waiting room or structure used in connection with the operation of a commercial airport (an airport operated for profit and open to the public).
