Being known as Parcel "B" (I) of the Ship Island Light Reservation as defined by the Acting Secretary of Commerce on August 15, 1929, pursuant to Public Law No. 1022, 70th Congress, approved March 4, 1929.

The applicant agency desires that the land be withdrawn and reserved for inclusion in the Gulf Islands National Seashore. The land is presently withdrawn for lighthouse purposes by Executive Order No. 4584, February 15, 1927, as amended by the Act of Congress of March 4, 1929 (45 Stat. 1556), and by the Executive order of July 7, 1852.

On or before March 12, 1979, all persons who wish to submit comments, suggestions or objections in connection with the proposed withdrawal may present their views in writing to the undersigned officer of the Bureau of Land Management.

Pursuant to Section 204(h) of the Federal Land Policy and Management Act of 1976, notice is hereby given that an opportunity for a public hearing is afforded in connection with the proposed withdrawal. All interested persons who desire to be heard on the proposed withdrawal must submit a written request for a hearing to the undersigned officer of the Bureau of Land Management on or before March 12, 1979. Notice of the public hearing will be published in the FEDERAL REGISTER giving the time and place of such hearing. The public hearing will be scheduled and conducted in accordance with BLM Manual, Sec. 2351.16B.

The Department of the Interior's regulations provide that the authorized officer of the Bureau of Land Management will undertake such investigations as are necessary to determine the existing and potential demands for the lands and their resources. He will also undertake negotiations with the applicant agency with the view of assuring that the area sought is the minimum essential to meet the applicant's needs, providing for the maximum concurrent utilization of the lands for purposes other than the applicant's, and reaching agreement on the concurrent management of the lands and their resources.

The authorized officer will also prepare a report for consideration by the Secretary of the Interior, who will determine whether or not the lands will be withdrawn and reserved as requested by the applicant agency. The determination of the Secretary on the application will be published in the FEDERAL REGISTER. The Secretary's determination shall, in a proper case, be subject to the provisions of section 204(c) of the Federal Land Policy and Management Act of 1976, 90 Stat. 2752. The above described lands are temporarily segregated from the operation of the public land laws, including the mining laws and the mineral leasing laws, to the extent that the withdrawal applied for, if and when effected, would prevent any form of disposal or appropriation under such laws. Current administrative jurisdiction over the segregated lands will not be affected by the temporary segregation. The segregative effect of this proposed withdrawal shall terminate on October 20, 1991, unless sooner terminated by action of the Secretary of the Interior.

All communications in connection with this proposed withdrawal should be addressed to the Director, Eastern States Office, Bureau of Land Management, 7981 Eastern Avenue, Silver Spring, Maryland 20910.

DAVID P. LODZINSKI,
Acting Director,
Eastern States.
