[Order 2046]

PART 401—PRODUCTION OF FISHERY COMMODITIES OR PRODUCTS

SALMON CANNING INDUSTRY IN ALASKA

Whereas, by Executive Order No. 9280 of December 8, 1942, the President conferred upon the Secretary of Agriculture full responsibility and control over the Nation's food program in order to assure an adequate supply and efficient distribution of food to meet war and essential civilian needs; and

Whereas, by Food Directive No. 2 of February 8, 1943 (7 CFR, Part 1400), the Secretary of Agriculture delegated to me, among other things, the right to exercise all of the powers conferred upon him by paragraph (b) of section 1 of Executive Order No. 9280, in so far as it relates to the production of fishery commodities and products; and

Whereas, by Food Directive No. 2, the Secretary of Agriculture authorized me to exercise these powers through such agencies and officers of the Department of the Interior or of the office established by Executive Order No. 9204 of July 21, 1942, as I may designate; and

Whereas, it is deemed imperative to effectuate a program designed to facilitate the production of an adequate supply of canned salmon in the Territory of Alaska with a minimum utilization of critical material, manpower and shipping facilities; and

Whereas, representatives of practically the entire salmon canning industry in the Territory of Alaska have indicated their willingness to join in such cooperative agreements as may be practicable and feasible in order to pool their operating facilities, and allocate available manpower on an equitable basis in an industry concentration program designed to minimize factors that tend to affect production adversely; and

Whereas, in the exercise of the powers conferred upon me, I have designated the Office of Fishery Coordination, established by Executive Order No. 9204, to execute, administer, regulate, and enforce the provisions of this order affecting the salmon canning industry in the Territory of Alaska; now, therefore, it is hereby ordered:

§ 401.1 *Salmon canning industry in the Territory of Alaska*—(a) *Jurisdiction.* Complete control and authority over the salmon canning industry in the Territory of Alaska solely for the purpose herein specified shall be vested in the Fishery Coordinator, and subject to his supervision and direction shall be administered by the Office of Fishery Coordination.

Prior to engaging in canning operations all persons, companies, and corporations authorized to operate under Schedule A of this section shall obtain from the Fishery Coordinator a salmon canning license which shall be posted in the office of the operating establishment throughout the canning season. No person named in Schedule A, unless otherwise ordered by the Fishery Coordinator, shall operate, either singly or in conjunction with any other person, in the nucleus plant so assigned to such person or persons more than the number of lines set forth in the schedule opposite the name of such nucleus plant nor employ more persons than authorized under War Manpower Commission labor ceiling stated in Schedule A opposite the name of the operator and in the terms of said operator's license.
