5. No application for the restored lands may be allowed under the homestead, desert land, small tract, or any other non-mineral public-land law unless the lands have already been classified as valuable or suitable for such type of application, or shall be so classified upon the consideration of an application. Any application that is filed will be considered on its merits. The lands will not be subject to occupancy or disposition until they have been classified.

6. Subject to any valid existing rights, the requirements of applicable law, and the provisions of existing withdrawals, the public lands released from withdrawal by this order, are hereby opened to filing of applications, selections, and locations in accordance with the following; any unsurveyed lands being opened to such applications, selections, and locations as are allowable on unsurveyed lands.

(a) Applications and selections under the non-mineral public-land laws may be presented to the Manager mentioned below, beginning on the date of this order. Such applications and selections will be considered as filed on the hour and respective dates shown for the various classes enumerated in the following paragraphs.

(1) Applications by persons having prior existing valid settlement rights, preference rights conferred by existing laws or equitable claims subject to allowance and confirmation will be adjudicated on the facts presented in support of each claim or right. All applications by persons other than those referred to in this paragraph will be subject to the applications and claims mentioned in this paragraph.

(2) All valid applications for surveyed lands under the Homestead, Desert Land, and Small Tract Laws and for unsurveyed lands under the Small Tract Laws by qualified veterans of World War II or the Korean conflict, and by others entitled to preference rights under the act of September 27, 1944 (58 Stat. 747; 43 U. S. C. 279–284) as amended, presented prior to 10:00 a. m. on October 2, 1957, will be considered as simultaneously filed at that hour. Rights under such preference right applications filed after that hour and before 10:00 a. m. on January 1, 1958, will be governed by the time of filing.

(3) All valid applications and selections under the non-mineral public-land laws, other than those coming under paragraphs 6 (a) (1) and 6 (a) (2) above, and applications and offers under the mineral-leasing laws presented prior to 10:00 a. m. on January 1, 1958, will be considered as simultaneously filed at that hour. Rights under such applications and selections filed after that hour will be governed by the time of filing.

(b) The lands have been open to applications and offers under the mineral-leasing laws. They also have been open to location under the U. S. mining laws pursuant to the provisions of the act of August 11, 1955 (69 Stat. 683; 30 U. S. C. 621).

7. Persons claiming veterans preference rights must enclose with their applications proper evidence of military or naval service, preferably a complete photostatic copy of the certificate of honorable discharge. Persons claiming preference rights based upon valid settlement, statutory preference, or equitable claims must enclose properly corroborated statements in support of their claims. Detailed rules and regulations governing applications which may be filed pursuant to this notice can be found in Title 43 of the Code of Federal Regulations.

8. The restored lands shall be subject until 10:00 a. m. on January 1, 1958, to application by the States of Nevada or

California, depending upon the State wherein the lands lie, under any statute or regulation applicable thereto, for rights-of-way for public highways or as a source of material for the construction and maintenance of such highways pursuant to section 24 of the Federal Power Act of June 10, 1920 (41 Stat. 1075; 16 U. S. C. 818) as amended.

(1) A valid parking permit is required for parking in the reserved sections of the Pentagon parking area and must be conspicuously displayed inside front windshield of the vehicle. (For the purposes of the regulations in this subpart a valid parking permit is a permit issued by a department parking control officer to park a specific vehicle identified by license tag number in a designated reserved parking section of the Pentagon parking area. The permit is not transferable except in the case of a properly registered car pool. The permit is automatically invalidated upon the resignation of the permit holder or cancellation by a parking control officer, change in license tag number, damage or mutilation of the permit, or loss or pilferage of the permit.)

(2) Parking in a reserved section other than that which corresponds to the permit assignment, is prohibited. If space is not available in the assigned section, the vehicle may be parked in an unreserved section in the North or West parking area. The circumstances in such a case shall be reported to the department parking control officer.

(c) Vehicles shall be parked well inside the marked parking spaces. Parking in areas other than designated parking spaces and parking in parking lanes at tree wells or in such a manner as to block or partially block such lanes is prohibited.

(d) No vehicle may be parked in excess of 18 hours in one location, unless prior permission for such extended parking has been obtained from the Captain, U. S. Special Police, Pentagon Building.
