§ 1.454 *All testimony confidential in investigations.* All testimony given in an investigation is confidential and for the use of central office officials only, except in those cases contemplated by § 1.452 (b). In order that investigations may not interrupt the normal functions of a station, all employees are instructed to refrain from discussing matters under investigation, during the investigation or after its completion. Particularly those employees called upon to testify will refrain from discussing their testimony, except with an inspector-investigator.

§ 1.455 *Witness required to read and sign transcript.* In all instances where verbatim testimony is taken and transcribed the witness will be afforded an opportunity to read and sign the transcription, unless it is not feasible to do so, and in such cases a statement of the reason for the witness failing to sign will be appended to the transcription, together with certification by the stenographer that it is a true and accurate transcription of the notes, or, when, under unusual circumstances, sound recording equipment is used and it is impracticable for the investigator to await the return of transcribed testimony, in which event certification will be made by the inspector-investigator as to the circumstances.

PART 21 — VOCATIONAL REHABILITATION AND EDUCATION

REGISTRATION AND RESEARCH; PROVISIONAL REGULATIONS

In § 21.186, paragraph (e) is amended to read as follows:

§ 21.186 *Policy governing withdrawals from education or training under Part VIII prior to the completion of a period of instruction.* * * *

(e) *Payment of subsistence allowance in any case of withdrawal.* When a veteran in receipt of regular monthly payments of subsistence allowance withdraws—without giving prior notice to the Veterans' Administration—from either institutional or on-the-job training prior to the end of the course or the end of the certified period of enrollment, the authorization action will extend the training status and subsistence allowance to the end of the month in which the withdrawal, interruption, or discontinuance occurred: *Provided, however,* That in any case where an ending date has been previously fixed within the month in which the withdrawal, interruption, or discontinuance occurred, there will be no extension beyond such ending date. These provisions will be complied with without election or choice upon the part of the veteran and without regard to policy now in effect concerning accrual and granting of leave upon application by the veteran. (It will be understood that this procedure does not modify leave policy presently effective in the cases of veterans who continue in a training status to the end of a scheduled period of instruction.) This paragraph will in no event be given retroactive effect, except that in the cases of deceased veterans who had withdrawn from, or interrupted training status as defined herein, and prior to the effective date of this instruction subsistence allowance was paid to the end of the month in which such withdrawal or interruption occurred, this paragraph will be given effect, thus eliminating overpayment in the subsistence allowance account which would otherwise stand against the estate of the decedent.

(d) In the event that any veteran should file a claim for reimbursement for tuition, book, supply and equipment charges expended by him during the period from September 1, 1947, to December 31, 1948, inclusive, the claim will be processed in accordance with the procedures set forth in Veterans' Administration vocational rehabilitation and education procedure, which was in effect prior to January 1, 1949.
