SEC. 18. *Approval of special credit exceptions.* In addition to the exceptions from credit restrictions approved on the application of builders in accordance with the preceding sections of this regulation, the Housing and Home Finance Agency may, under unusual circumstances in some areas, program or approve exceptions from credit restrictions for the purchase, by eligible defense workers, of housing which shall have been built in a critical defense housing area without such approved applications by builders. This will be limited to cases where the Housing and Home Finance Agency determines that the housing needs of such defense workers cannot otherwise be met and that such exceptions will not result in undue inflationary pressures upon the prices of existing housing in the area or in other housing programmed for the area under this regulation being made available to persons other than defense workers.

SEC. 19. *Conditions and requirements.* Any relaxation of credit restrictions under the special circumstances referred to in section 18 shall be approved in accordance with such procedures and subject to such conditions and requirements as shall be determined by the Housing and Home Finance Agency to be consistent with the provisions of this regulation and announced for the critical defense housing area, and compliance with conditions and requirements imposed pursuant to this section is hereby required.

The reporting requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This regulation is effective as of the 3d day of August, 1951.
