§ 325.18 *Functions of Federal Reserve Banks.* The Federal Reserve Banks, as Fiscal Agents of the United States, are authorized to perform such duties, and prepare and issue such forms and instructions, as may be necessary to the fulfillment of the purpose and requirements of this part. The Federal Reserve Banks, when authorized by the Treasury Department, may utilize any or all of their Branches in the performance of these duties.

§ 325.19 *Supplements, amendments, etc.* The Secretary of the Treasury may at any time or from time to time revise, supplement, amend, or withdraw, in whole or in part, the provisions of this part, or any revisions, supplements or amendments thereto, information as to which will be furnished promptly to the Federal Reserve Banks and to the agents qualified hereunder.

Compliance with the notice, public rule making procedure and effective date requirements of the Administrative Procedure Act (Pub. Law 404, 79th Cong.; 60 Stat. 237) with respect to this circular is found to be contrary to the public interest because Armed Forces Leave Bonds are redeemable at any time after September 1, 1947, at the option of the owners, and a substantial amount of time is essential in order to establish the procedure necessary for the payment of the bonds after the date set by the Congress.

The regulations set forth in this part will become effective immediately, the requirements of section 4 (c) of the Administrative Procedure Act being dispensed with to facilitate the redemption of Armed Forces Leave Bonds by the owners thereof after September 1, 1947, in accordance with Public Law 254, 80th Congress.

Acting Secretary of the Treasury.
