[F. R. Doc. 3430—Filed, November 17, 1936; 11:25 a. m.]

THE WHITE HOUSE,
Washington, November 9, 1936.

THE HONORABLE THE SECRETARY OF THE TREASURY,

MY DEAR MR. SECRETARY:

Art Metal Works, Inc., having its principal office in Newark, New Jersey, has made complaint asking relief under Section 337, Title III, Part II, of the Tariff Act of 1930, from unfair methods of competition and unfair acts in the importation and sale of certain cigar lighters.

Upon the facts submitted to me by the United States Tariff Commission I have reason to believe that the products above mentioned are offered or sought to be offered for entry into the United States in violation of said Section 337. I have not, however, at the present time information sufficient to satisfy me thereof. Pending the completion of an investigation instituted on August 14, 1936, by the Tariff Commission, under said Section 337, for a full presentation of the facts involved, it appears that the continuance of the unfair methods of competition and unfair acts complained of will work a substantial injury in violation of said Section 337 to the industry of petitioner.

By authority of subdivision (f) of Section 337 of said Tariff Act, I therefore request that you forbid entry into the United States of cigar lighters patented in United States Letters Patent Nos. 1986384, 2002845, and Des. 96639.

Imports of such cigar lighters will, of course, be entitled to entry under bond prescribed by you in accordance with Section 337 (f) of the Tariff Act of 1930.

Very sincerely yours,

FRANKLIN D ROOSEVELT

DEPARTMENT OF AGRICULTURE.

Agricultural Adjustment Administration.

AMENDMENT TO ORDER NO. 11, REGULATING THE HANDLING OF MILK IN THE DISTRICT OF COLUMBIA MARKETING AREA

Whereas, pursuant to Title I of the Agricultural Adjustment Act, approved May 12, 1933, as amended, hereinafter called the "act", the Secretary of Agriculture, hereinafter called the "Secretary", on August 25, 1936, tentatively approved a Marketing Agreement Regulating the Handling of Milk in the District of Columbia Marketing Area; and

Whereas, on September 17, 1936, the Secretary issued Order No. 11, regulating the handling of milk in the District of Columbia Marketing Area, said order being effective 12:01 a. m., e. s. t., September 21, 1936; and

Whereas, the Secretary, having reason to believe that an amendment should be made to said tentatively approved marketing agreement and said approved order, gave on the 15th day of October 1936 notice of a hearing to be held on the 20th day of October 1936, in the District of Columbia, on a proposed amendment to said tentatively approved marketing agreement and said approved order, and at said time and place conducted a public hearing at which all interested parties were afforded an opportunity to be heard on the proposed amendment to said tentatively approved marketing agreement and said order; and

Whereas, after such hearing and after the approval, on the 27th day of October 1936, by the Secretary of an amendment to said tentatively approved marketing agreement, handlers of more than 50 per centum of the volume of milk covered by such order, as amended, which is marketed within the District of Columbia Marketing Area, refused or failed to sign said tentatively approved marketing agreement, as amended; and

Whereas, the Secretary determined on the 29th day of October 1936, said determination being approved by the President of the United States on the 30th day of October 1936, that said refusal or failure tends to prevent the effectuation of the declared policy to establish and maintain such marketing conditions in the handling of milk in the aforesaid area as would reestablish prices of milk to producers of milk in said area at a level that would give such milk a purchasing power with respect to articles that such producers buy equivalent to the purchasing power of such milk in the base period, August 1924–July 1929, and that the issuance of this amendment to said order is the only practical means, pursuant to such policy, of advancing the interests of producers of milk in said area and is approved or favored by over 84 per centum of the producers who, during the month of September 1936, said month being determined by the Secretary to be a representative period, have been engaged in the production of milk for sale in the District of Columbia Marketing Area; and

Whereas, the Secretary finds, upon the evidence introduced at the hearing on such proposed amendment, said findings being in addition to the findings made upon the evidence introduced at the hearing on said order:

1. That the prices set forth in the order, as amended, will, over a period of time, tend to give milk marketed in the said marketing area a purchasing power, with respect to articles that producers buy, equivalent to, but not above, the purchasing power of such milk in the base period;

2. That the amendment of the base-rating provisions of the order constitute an equitable method of apportioning among producers the sale of Class I milk and that the methods for determining bases are fair and reasonable;

3. That the remaining amendments to the order are incidental to, and not inconsistent with, the other terms and conditions of the order, and are necessary to effectuate the provisions of the order;

4. That the order, as amended, regulates the handling of milk in the same manner as, and is applicable only to handlers, specified in the tentatively approved marketing agreement, as amended, upon which hearings have been held; and

5. That the issuance of the amendment to the order and all the terms and conditions of the order, as amended, will tend to effectuate the declared policy to establish and maintain such marketing conditions in the handling of milk in the aforesaid area as will reestablish prices of milk to producers of milk in said area at a level that will give such milk a purchasing power with respect to articles that such producers buy equivalent to the purchasing power of milk in the base period, August 1924–July 1929;

Now, therefore, the Secretary, pursuant to the authority vested in him by the act, hereby orders that, from the effective date hereof, handlers, as defined in article I of the order regulating the handling of milk in the District of Columbia Marketing Area, shall purchase milk from producers, as defined in article I of said order, in conformity to, and in compliance with, the terms and conditions of said order, as amended, and further orders that said order be and it is hereby amended as follows:

A. Delete from the last line but one of section 2 of article III the words "a sworn invoice of such sale", substitute therefor the word "certification", and add, at the end of the sentence, the words "as to the price paid by such purchaser and as to the use of such milk or cream in the manufacture of ice cream."

B. Delete from section 3 of article III the words "received from producers."

C. Change the minimum prices set forth in article IV (a) by substituting $2.77 for $2.82 in sections 1 and 2; and (b) by adding a new section 4 as follows:

SEC. 4. *Temporary Class I Price.*—During the period of time beginning with December 1, 1936, and ending with April 30, 1937, the minimum Class I price shall be $3.24 per hundredweight in lieu of $2.77 per hundredweight as set forth in sections 1 and 2 of this article.

D. In paragraph 1 of section 1 of article V place a semicolon after the word "handlers" and delete the remainder of the paragraph.

E. Delete sections 4 and 5 of article VI and substitute therefor new sections 4 and 5 as follows:

SEC. 4. *Bases.*—The base of each producer shall be a quantity of milk for each delivery period calculated in the following manner: Multiply the rating in effect for such producer, pursuant to section 5 of this article, by the number of days on which such producer delivered milk during such delivery period, but, if the total milk delivered not in excess of bases thus calculated is greater than Class I milk, then take that percentage of the above result which the Market Administrator announces as the percentage which will make the total milk delivered not in excess of bases approximately equal but not exceed the total of Class I milk for such delivery period.

SEC. 5. *Base Ratings.*—The Market Administrator shall determine a base rating for each producer with respect to deliveries of milk in bulk to handlers from the farm currently operated by such producer, during a representative period of time as follows:

1. Ratings in effect up to and including December 31, 1936, shall be 90 percent of the average daily delivery of milk, during the months of October, November, and December, 1935;

2. Ratings in effect for the calendar year 1937 shall be 90 percent of the average daily delivery of milk during the months of October, November, and December of the years 1936 and 1935;

3. Ratings in effect for each calendar year after 1937 shall be determined with reference to the average daily delivery of milk during the months of October, November, and December of the preceding calendar year as follows:

(a) If the average daily delivery of milk was less than the rating then in effect, the new rating shall be the average daily delivery;

(b) If the average daily delivery of milk was not less than 100 percent, nor more than 110 percent, of the rating then in effect, the same rating shall continue in effect; and

(c) If the average daily delivery of milk was more than 110 percent of the rating then in effect, the new rating shall be the previous rating increased by that proportion of the average daily delivery of milk over 110 percent of the rating which, when applied to all producers in like circumstance, will bring the total of all new ratings approximately equal to 90 percent of the total average daily Class I milk during the said months.

4. Except as set forth in paragraph 5 of this section, in the event that the Market Administrator is without information as to deliveries of milk during at least 60 consecutive days of the months of October, November, and December of the preceding calendar year, the rating in effect for any producer during each of the first three delivery periods in which he delivers milk shall be the percentage of his average daily delivery of milk which the Market Administrator determines as the relation between the

total of ratings and the total average daily delivery of milk reported for other producers. From the end of the third delivery period until the end of the then current calendar year the rating in effect for such producer shall be the average of his ratings in effect as above during such three delivery periods.

5. In the case of any producer to whom handlers are required to make payment for all milk delivered, pursuant to paragraph 3 of section 1 of article VII, the rating in effect from the end of the period of time, during which payments are so required until the end of the then current calendar year, shall be the same percentage of such producer's average daily delivery of milk during such period of time as the total of all ratings is of the total average daily delivery of milk reported for other producers during such period of time.

6. In the case of any producer who moves his entire herd from one farm to another farm, the rating which would have been in effect for such producer had he not moved shall, if such producer so request in writing, remain in effect for him in lieu of the rating otherwise in effect for him pursuant to this section, in which event such rating shall cease to be in effect for the farm vacated.

F. In paragraph 1 of section 1 of article VII substitute the words "the Class I price in effect pursuant to article IV" for the words "$3.02 per hundredweight."

In witness whereof, W. R. Gregg, Acting Secretary of Agriculture, acting under the provisions of the Agricultural Adjustment Act, approved May 12, 1933, as amended, does hereby execute in duplicate and issue this amendment to Order No. 11 regulating the handling of milk in the District of Columbia Marketing Area, in the city of Washington, District of Columbia, on this 17th day of November 1936, and, pursuant to the provisions hereof, declares this amendment to the said order to be effective on and after 12:01 a. m., e. s. t., December 1, 1936.

Acting Secretary of Agriculture.

DETERMINATION OF THE SECRETARY OF AGRICULTURE WITH RESPECT TO AN APPROVED ORDER, AS AMENDED, REGULATING THE HANDLING OF MILK IN THE DISTRICT OF COLUMBIA MARKETING AREA

Whereas, the Secretary of Agriculture, pursuant to Sections 8b and 8c of Title I of the Agricultural Adjustment Act, approved May 12, 1933, as amended, hereinafter called the act, tentatively approved on August 25, 1936, a marketing agreement regulating the handling of milk in the District of Columbia Marketing Area, and on September 17, 1936, issued an order regulating the handling of milk in the District of Columbia Marketing Area, such order becoming effective on and after 12:01 a. m., e. s. t., September 21, 1936; and

Whereas, the Secretary, having reason to believe than an amendment should be made to said tentatively approved marketing agreement and said approved order, gave, on the 15th day of October 1936, notice of a hearing to be held on the 20th day of October 1936 at Washington, D. C., on a proposed amendment to said tentatively approved marketing agreement and said approved order, and at said time and place conducted a public hearing at which all interested parties were afforded an opportunity to be heard on the proposed amendment to said tentatively approved marketing agreement and said approved order; and

Whereas, after such hearing and after the approval by the Secretary, on the 27th day of October 1936, of an amendment to the aforementioned tentatively approved marketing agreement, handlers of more than 50 per centum of the volume of milk covered by the aforementioned approved order and the proposed amendment thereto, which is produced or marketed within the District of Columbia Marketing Area, refused or failed to sign such tentatively approved marketing agreement, as amended, relating to milk;

Now, therefore, the Secretary of Agriculture, by virtue of the authority vested in him by the act, hereby determines:

1. That the refusal or failure of said handlers to sign the said tentatively approved marketing agreement, as amended, tends to prevent the effectuation of the declared policy to establish and maintain such marketing conditions in the handling of milk in the aforesaid area as will reestablish prices of milk to producers of milk in said area at a level that will give such milk a purchasing power with respect to articles that such producers buy equivalent to the purchasing power of such milk in the base period, August 1924–July 1929; and

2. That the issuance of the amendment to such approved order is the only practical means, pursuant to such policy, of advancing the interests of producers of milk in said area; and

3. That the issuance of the amendment to such approved order is approved or favored by over eighty-four (84) per centum of the producers who, during the month of September 1936, said month being here and now determined by the Secretary to be a representative period, have been engaged in the production of milk for sale in the said area.

In witness whereof, I, W. R. Gregg, Acting Secretary of Agriculture, have executed this determination and have hereunto set my hand and caused the official seal of the Department of Agriculture to be affixed, in the city of Washington, District of Columbia, this 29th day of October 1936.

[SEAL] W. R. GREGG,
Acting Secretary of Agriculture.

Approved:

FRANKLIN D. ROOSEVELT,
The President of the United States.

Dated, October 30, 1936.

ORDER AND NOTICE OF TERMINATION OF AMENDED LICENSE FOR HANDLERS OF FRESH ASPARAGUS GROWN IN THE STATE OF CALIFORNIA

Whereas, the Secretary of Agriculture of the United States, on April 2, 1935, acting under the provisions of the Agricultural Adjustment Act, issued under his hand and the official seal of the Department of Agriculture an amended license for handlers of fresh asparagus grown in the State of California effective April 6, 1935, which said amended license superseded the license for handlers of fresh California asparagus issued March 16, 1934, effective March 20, 1934, and

Whereas, the Secretary of Agriculture has determined to terminate the said amended license;

Now, therefore, the undersigned, acting under the authority vested in the Secretary of Agriculture under the terms and conditions of said act and pursuant to the applicable General Regulations issued thereunder, hereby terminates the said amended license.

In witness whereof, W. R. Gregg, Acting Secretary of Agriculture of the United States, has executed this order and notice in duplicate and has caused the official seal of the Department of Agriculture to be affixed hereto in the city of Washington, District of Columbia, this 18th day of November 1936, and hereby declares this termination to be effective on and after 12:01 a. m., the 21st day of November 1936.

1936 AGRICULTURAL CONSERVATION PROGRAM—NORTH CENTRAL REGION

Pursuant to the authority vested in the Secretary of Agriculture under Section 8 of the Soil Conservation and Domestic Allotment Act, North Central Region Bulletin No. 1, Revised, as amended, is hereby further amended as follows:

1. Part I, Definitions, is amended by deleting therefrom the definition of Class I Payment and by adding the following new definitions:

"Cotton Farm" means any share-rented farm or farm operated with the aid of sharecroppers in Area B or in Area C which has a cotton base and on which cotton was grown in 1936.

"Sharecropper Farm" means any farm other than a cotton farm, operated with the aid of sharecroppers.

"Gross Class I Payment" means an amount equal to the sum of the soil conserving, sugar beet, and flax payments.

"Adjusted Class I Payment" means an amount equal to the gross Class I payment less the deduction for failure to have the minimum acreage of soil conserving crops on the farm in 1936.

"Net Class I Payment" means an amount equal to the adjusted Class I payment less the deduction for excess acreage of soil depleting crops on the farm in 1936.

2. Part II, Section 7 is hereby amended to read as follows:

SECTION 7. *Deduction for Failure to Have Minimum Acreage of Soil Conserving Crops Where a Person Owns or Operates Only One Farm in a County and Makes an Application for Payment With Respect to Such Farm, or Where a Person is a Sharecropper on Only One Farm in a County and Makes an Application for Payment With Respect to Such Farm.*—(a) If a person owns or operates only one farm in a county, which farm is not a cotton farm or a sharecropper farm, and makes an application for payment with respect to such farm, and the total acreage of soil conserving crops on crop land on such farm in 1936 does not equal or exceed an amount equal to the sum of

(1) 15 percent of the general soil depleting base,
(2) 20 percent of the cotton soil depleting base,
(3) 20 percent of the tobacco soil depleting base,
(4) 25 percent of the sugar beet soil depleting base,
(5) 20 percent of the flax soil depleting base,

a deduction will be made from such person's gross Class I payment in an amount computed by multiplying the number of acres by which the total acreage of soil conserving crops on crop land on the farm in 1936 is less than the acreage specified in this Section 7, by an amount equal to one and one-half times the rate per acre determined for such farm under Section 2 (a) of this Part II, and then by multiplying the result so obtained by the percentage to which such person would be entitled, such percentage to be determined in accordance with Section 3 of Part V.

(b) If a person owns or operates only one farm in a county, which farm is a cotton farm or a sharecropper farm, and makes an application for payment with respect to such farm, of if a person is a sharecropper on only one farm in a county and makes an application for payment with respect to such farm, and the total acreage of soil conserving crops on crop land on such farm in 1936 does not equal or exceed an amount equal to the sum of

(1) 15 percent of the general soil depleting base,
(2) 20 percent of the cotton soil depleting base,
(3) 20 percent of the tobacco soil depleting base,
(4) 25 percent of the sugar beet soil depleting base,
(5) 20 percent of the flax soil depleting base,

a deduction will be made from such person's gross Class I payment, in an amount computed by multiplying the number of acres by which the total acreage of soil conserving crops on crop land on such farm in 1936 is less than the acreage specified in this Section 7, by an amount equal to one and one-half times the rate per acre determined for such farm under Section 2 (a) of this Part II, and then by multiplying the result so obtained by a ratio determined by dividing the Gross Class I payment computed for such person by the Gross Class I payment computed for such farm.

3. Part II, Section 8, is hereby amended to read as follows:

SECTION 8. *Deduction for Increase in Acreage of Soil Depleting Crops Where a Person Owns or Operates or Is a Sharecropper on Only One Farm in a County and Makes an Application for Payment with Respect to Such Farm.*—(a) If a person owns or operates only one farm in a county, which farm is not a cotton farm or a sharecropper farm, and makes an application for payment with respect to such farm, and

(1) if the 1936 general acreage on such farm exceeds the larger of the general soil depleting base and the computed 1935 general acreage, a deduction will be made from any payment which otherwise would be made to such person with respect to such farm in an amount computed by multiplying such number of excess acres by the rate per acre determined for the farm under Section 2 (a) of this Part II and then by multiplying the result so obtained by the percentage to which such person would be entitled, such percentage to be determined in accordance with Section 3 of Part V; and

(2) if the total acreage of sugar beets on such farm in 1936 exceeds the sugar beet soil depleting base, a deduction will be made from any payment which otherwise would be made to such person with respect to such farm in an amount computed by multiplying such number of excess acres by the rate per acre determined for the farm under Section 2 (a) of this Part II and then by multiplying the result so obtained by the percentage to which such person would be entitled, such percentage to be determined in accordance with Section 3 of Part V; and

(3) if the total acreage of flax on such farm in 1936 exceeds the flax soil depleting base, a deduction will be made from any payment which otherwise would be made to such person with respect to such farm in an amount computed by multiplying such number of excess acres by the rate per acre determined for the farm under Section 2 (a) of this Part II and then by multiplying the result so obtained by the percentage to which such person would be entitled, such percentage to be determined in accordance with Section 3 of Part V; and

(4) if the acreage of cotton on such farm in 1936 exceeds the cotton soil depleting base, a deduction will be made from any payment which otherwise would be made to such person with respect to such farm in an amount computed by multiplying such number of excess acres by the rate per acre determined for the farm under Section 2 (b) of this Part II and then by multiplying the result so obtained by the percentage to which such person would be entitled, such percentage to be determined in accordance with Section 3 of Part V. If no rate has been determined for the farm under Section 2 (b) of this Part II, the rate to be used in computing such deduction will be obtained by multiplying the number of pounds representing the average county yield of cotton per acre by such farm's productivity index of crops in the general soil depleting base and multiplying this result by 5 cents; and

(5) if the acreage of any kind of tobacco on such farm in 1936 exceeds the tobacco soil depleting base established for such kind of tobacco, a deduction will be made from any payment which otherwise would be made to such person with respect to such farm in an amount computed by multiplying such number of excess acres by the rate per acre determined for the farm for such kind of tobacco under Section 2 (c) of this Part II for the kind of tobacco of which there is an excess and then by multiplying the result so obtained by the percentage to which such person would be entitled, such percentage to be determined in accordance with Section 3 of Part V. If no rate has been determined for the farm under Section 2 (c) of this Part II for the kind of tobacco of which there is an excess, the rate to be used in computing such deduction will be obtained by multiplying the number of pounds representing the average county yield per acre of such kind of tobacco by the farm's productivity index of crops in the general soil depleting base and multiplying this result in the case of Burley tobacco, by 5 cents; in the case of Dark Air-Cured tobacco, by 3½ cents; and in the case of Cigar Leaf or Eastern Ohio Export tobacco, by 3 cents.

(b) If a person owns or operates, or is a sharecropper on, only one farm in a county, which farm is a cotton farm or a sharecropper farm, and makes an application for payment with respect to such farm, and

(1) if the 1936 general acreage on such farm exceeds the larger of the general soil depleting base and the computed 1935 general acreage, a deduction will be made from any payment which otherwise would be made to such person with respect to such farm in an amount computed by multiplying such number of excess acres by the rate per acre determined for the farm under Section 2 (a) of this Part II and then by multiplying the result so obtained by a ratio determined by dividing the sum of the Class II and Adjusted Class I payments computed for such person with respect to such farm by the sum of the Class II and Adjusted Class I payments computed for such farm; and

(2) if the total acreage of sugar beets on such farm in 1936 exceeds the sugar beet soil depleting base, a deduction will be made from any payment which otherwise would be made to such person with respect to such farm in an amount computed by multiplying such number of excess acres by the rate per acre determined for the farm under Section 2 (a) of this Part II and then by multiplying the result so obtained by a ratio determined by dividing the sum of the Class II and Adjusted Class I payments computed for such person with respect to such farm by the sum of the Class II and Adjusted Class I payments computed for such farm; and

(3) if the total acreage of flax on such farm in 1936 exceeds the flax soil depleting base, a deduction will be made from any payment which otherwise would be made to such person with respect to such farm in an amount computed by multiplying such number of excess acres by the rate per acre determined for the farm under Section 2 (a) of this Part II and then by multiplying the result so obtained by a ratio determined by dividing the sum of the Class II and Adjusted Class I payments computed for such person with respect to such farm by the sum of the Class II and Adjusted Class I payments computed for such farm; and

(4) if the acreage of cotton on such farm in 1936 exceeds the cotton soil depleting base, a deduction will be made from any payment which otherwise would be made to such person with respect to such farm in an amount computed by multiplying such number of excess acres by the rate per acre determined for the farm under Section 2 (b) of this Part II and then by multiplying the result so obtained by a ratio determined by dividing the sum of the Class II and Adjusted Class I payments computed for such person with respect to such farm by the sum of the Class II and adjusted Class I payments computed for such farm. If no rate has been determined for the farm under Section 2 (b) of this Part II, the rate to be used in computing such deduction will be obtained by multiplying the number of pounds representing the average county yield of cotton per acre by such farm's productivity index of crops in the general soil depleting base and multiplying this result by 5 cents; and

(5) if the acreage of any kind of tobacco on such farm in 1936 exceeds the tobacco soil depleting base established for such kind of tobacco, a deduction will be made from any payment which otherwise would be made to such person with respect to such farm in an amount computed by multiplying such number of excess acres by the rate per acre determined for the

farm for such kind of tobacco under Section 2 (c) of this Part II for the kind of tobacco of which there is an excess, and then by multiplying the result so obtained by a ratio determined by dividing the sum of the Class II and Adjusted Class I payments computed for such person with respect to such farm by the sum of the Class II and Adjusted Class I payments computed for such farm. If no rate has been determined for the farm under Section 2 (c) of this Part II for the kind of tobacco for which there is an excess, the rate to be used in computing such deduction will be obtained by multiplying the number of pounds representing the average county yield per acre of such kind of tobacco by the farm's productivity index of crops in the general soil depleting base and multiplying the result in the case of Burley tobacco, by 5 cents; in the case of Dark Air-Cured tobacco, by 3½ cents; and in the case of Cigar Leaf or Eastern Ohio Export tobacco, by 3 cents.

4. Part V, Section 3, subsection (a) is amended to read as follows:

SECTION 3. *Division of Payments.*—(a) All payments made with respect to a farm except as provided in items (d) and (e) of this Section 3, shall be divided among owners and share-tenants in the same proportion as the principal soil depleting crop, or the proceeds thereof, is divided under their leasing or operating agreement. The term "principal soil depleting crop" as used herein means the soil depleting crop to which the greatest number of acres on the farm is devoted. If there is no soil depleting crop which has a larger acreage than any other soil depleting crop on the farm, the principal soil depleting crop shall be the soil depleting crop on the farm which is of major importance in terms of acreage in the county in which such farm is located. If no soil depleting crop is planted on the farm in 1936, all payments shall be divided equally between the share-tenant and owner of such farm.

5. Part V, Section 7 is hereby amended to read as follows:

SECTION 7. *Deduction for Failure to Have Minimum Acreage of Soil Conserving Crops in 1936 Where a Person Owns or Operates More Than One Farm in a County and Makes an Application for Payment With Respect to One or More of Such Farms.*—If a person owns or operates more than one farm in a county and makes an application for payment with respect to one or more of such farms, and if the 1936 acreage of soil conserving crops on crop land obtained by

(A–1) Determining the number of acres of crop land devoted in 1936 to the production of soil conserving crops on each farm with respect to which such person makes an application for payment;

(A–2) Multiplying the number of acres determined under (A–1) of this Section 7 for each farm, except any cotton farms and sharecropper farms, by the percentage to which such person is entitled, such percentage to be determined in accordance with Section 3 of this Part V;

(A–3) Multiplying the number of acres determined under (A–1) of this Section 7 for each cotton farm and sharecropper farm by a ratio determined by dividing the Gross Class I payment computed for such person for such farm by the Gross Class I payment computed for such farm;

(A–4) Adding the number of acres obtained under (A–2) and (A–3) of this Section 7;

is not equal to or in excess of the number of acres obtained by:

(B–1) Determining the number of acres for each farm with respect to which such person makes an application for payment equal to the sum of

15 percent of the general soil depleting base, 20 percent of the cotton soil depleting base, 20 percent of the tobacco soil depleting base, 25 percent of the sugar beet soil depleting base, 20 percent of the flax soil depleting base;

(B–2) Multiplying the number of acres determined under (B–1) of this Section 7 for each farm, except any cotton farms and sharecropper farms, by the percentage to which such person is entitled, such percentage to be determined in accordance with Section 3 of this Part V;

(B–3) Multiplying the number of acres determined under (B–1) of this Section 7 for each cotton farm and each sharecropper farm by a ratio determined by dividing the Gross Class I payment computed for such person for such farm by the Gross Class I payment for such farm;

(B–4) Adding the number of acres obtained under (B–2) and (B–3) of this Section 7;

a deduction will be made from such person's Gross Class I payment for performance on farms owned or operated in the county with respect to which such person makes application for payment, in an amount obtained by subtracting from the result obtained under (B–4) of this Section 7, the result obtained under (A–4) of this Section 7, and then by mulitplying the difference so obtained by one and one-half times the rate per acre applicable to the farm having the highest rate determined pursuant to provisions of Section 2 (a) of Part II.

The provisions of this NCR–B–1–H shall be effective as of October 19, 1936, so as to be included within the conditions mentioned in the *"Order with respect to payments under the 1936 Agricultural Conservation Program—North Central Region"*, issued October 7, 1936, as amended.

In testimony whereof, W. R. Gregg, Acting Secretary of Agriculture, has hereunto set his hand and caused the official seal of the Department of Agriculture, to be affixed in the City of Washington, District of Columbia, this 17th day of November 1936.

1936 AGRICULTURAL CONSERVATION PROGRAM—NORTH CENTRAL REGION

Pursuant to the authority vested in the Secretary of Agriculture under Section 8 of the Soil Conservation and Domestic Allotment Act, Section 5 of North Central Region Bulletin No. 5–A, approved August 4, 1936, is hereby amended by adding at the end thereof the following:

County	*Normal Yield Per Acre*
Illinois—All counties	10.7 bushels
Indiana—All counties	10.3 bushels
Michigan—All counties	9.5 bushels
Ohio—All counties	10.8 bushels

In testimony whereof, W. R. Gregg, Acting Secretary of Agriculture, has hereunto set his hand and caused the official seal of the Department of Agriculture to be affixed in the City of Washington, District of Columbia, this 17th day of November 1936.

IN THE MATTER OF AN OFFERING SHEET OF A ROYALTY INTEREST IN THE HUTCHINSON-BRADLEY-WENDELL FARM, FILED ON NOVEMBER 10, 1936, BY SUPREME OIL, INC., RESPONDENT

ORDER FOR HEARING (UNDER RULE 340 (B)) AND ORDER DESIGNATING TRIAL EXAMINER

The Securities and Exchange Commission, having reasonable grounds to believe, and therefore alleging, that the offering sheet described in the title hereof and filed by the respondent named therein is incomplete or inaccurate in the following material respects, to wit:

1. In that Item 18 (a) (viii) of Division II and Exhibit A are in conflict with respect to the number of wells drilling:

It is ordered, pursuant to Rule 340 (b) of the Commission's General Rules and Regulations under the Securities Act of 1933, as amended, that an opportunity for hearing be given to the said respondent for the purpose of determining the material completeness or accuracy of the said offering sheet in the respects in which it is herein alleged to be incomplete or inaccurate, and whether an order of suspension shall be entered; and

It is further ordered that Charles S. Moore, an officer of the Commission be, and hereby is, designated as trial examiner to preside at such hearing, to continue or adjourn the said hearing from time to time, to administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, consider any amendments to said offering sheet as may be filed prior to the conclusion of the hearing, and require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, and to perform all other duties in connection therewith authorized by law; and

It is further ordered that the taking of testimony in this proceeding commence on the 28th day of November 1936 at 10:00 o'clock in the forenoon, at the office of the Securities and Exchange Commission, 18th Street and Pennsylvania Avenue, Washington, D. C., and continue thereafter at such times and places as said examiner may designate.

Upon the completion of testimony in this matter the examiner is directed to close the hearing and make his report to the Commission.

IN THE MATTER OF AN OFFERING SHEET OF A ROYALTY INTEREST IN THE OHIO-MCMILLAN FARM, FILED ON NOVEMBER 11, 1936, BY W. R. CURRY, RESPONDENT

SUSPENSION ORDER, ORDER FOR HEARING (UNDER RULE 340 (A)), AND ORDER DESIGNATING TRIAL EXAMINER

The Securities and Exchange Commission, having reasonable grounds to believe, and therefore alleging, that the offering sheet described in the title hereof and filed by the respondent named therein is incomplete or inaccurate in the following material respects, to wit:

1. In that the statement following Item 11 of Division II appears to be incorrect respecting the fact of whether representations are made regarding a well to be drilled in a location which will affect the value of the property;

2. In that Items 12 to 19 of Division II, inclusive, are omitted;

It is ordered, pursuant to Rule 340 (a) of the Commission's General Rules and Regulations under the Securities Act of 1933, as amended, that the effectiveness of the filing of said offering sheet be, and hereby is, suspended until the 17th day of December 1936, that an opportunity for hearing be given to the said respondent for the purpose of determining the material completeness or accuracy of the said offering sheet in the respects in which it is herein alleged to be incomplete or inaccurate, and whether the said order of suspension shall be revoked or continued; and

It is further ordered that Charles S. SUSPENSION ORDER, ORDER FOR HEARING (UNDER RULE 340 (A)), AND ORDER DESIGNATING TRIAL EXAMINER

The Securities and Exchange Commission, having reasonable grounds to believe, and therefore alleging, that the offering sheet described in the title hereof and filed by the respondent named therein is incomplete or inaccurate in the following material respects, to wit:

1. In that Items 16 (c) and (d) of Division II are miscalculated for May and July 1936;

2. In that Item 13 of Division II states "The entire field has proven to be one of the most prolific ever discovered anywhere", and "It has good conformity and there are practically no dry holes within the producing area, which has caused a closer development than is ordinarily found";

It is ordered, pursuant to Rule 340 (a) of the Commission's General Rules and Regulations under the Securities Act of 1933, as amended, that the effectiveness of the filing of said offering sheet be, and hereby is, suspended until the 17th day of December 1936 that an opportunity for hearing be given to the said respondent for the purpose of determining the material completeness or accuracy of the said offering sheet in the respects in which it is herein alleged to be incomplete or inaccurate, and whether the said order of suspension shall be revoked or continued; and

SUSPENSION ORDER, ORDER FOR HEARING (UNDER RULE 340 (A)), AND ORDER DESIGNATING TRIAL EXAMINER

The Securities and Exchange Commission, having reasonable grounds to believe, and therefore alleging, that the offering sheet described in the title hereof and filed by the respondent named therein is incomplete or inaccurate in the following material respects, to wit:

1. In that Paragraph (b) of Division II, Page A–2, and Items 4 (e) and (f) of Division III are inconsistent and contradictory;

2. In that Division III has given insufficient data to justify the conclusion that the initial potentials of the Repollo-Barber tract are above average;

3. In that in Division III no comparison is made respecting the thickness of the producing horizon found in the Barber tract with respect to the tracts in the Hobbs pool which the engineer claims are comparable to the Barber tract;

It is ordered, pursuant to Rule 340 (a) of the Commission's General Rules and Regulations under the Securities Act of 1933, as amended, that the effectiveness of the filing of said offering sheet be, and hereby is, suspended until the 17th day of December 1936; that an opportunity for hearing be given to the said respondent for the purpose of determining the material completeness or accuracy of the said offering sheet in the respects in which it is herein alleged to be incomplete or inaccurate, and whether the said order of suspension shall be revoked or continued; and

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 16th day of November A. D. 1936.

[File No. 2-2553]

IN THE MATTER OF REGISTRATION STATEMENT OF MOUNTAIN STATE WATER COMPANY

ORDER FIXING TIME AND PLACE OF HEARING UNDER SECTION 8 (D) OF THE SECURITIES ACT OF 1933, AS AMENDED, AND DESIGNATING OFFICER TO TAKE EVIDENCE

It appearing to the Commission that there are reasonable grounds for believing that the registration statement filed by Mountain State Water Company under the Securities Act of 1933, as amended, includes untrue statements of material facts and omits to state material facts required to be stated therein and material facts necessary to make the statements therein not misleading,

It is ordered, that a hearing be held, pursuant to the provisions of Section 8 (d) of said Act as amended, such hearing to be convened on December 1, 1936, at 10 o'clock in the forenoon, in Room 1103, Securities and Exchange Commission Building, 1778 Pennsylvania Avenue NW., Washington, D. C., and to continue thereafter at such time and place as the officer hereinafter designated may determine; and

It is further ordered, that Charles S. Lobingier, an officer of the Commission be, and he hereby is, designated to administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, and to perform all other duties in connection therewith authorized by law.

Upon the completion of testimony in this matter, the officer is directed to close the hearing and make his report to the Commission.

By the Commission.

[SEAL] FRANCIS P. BRASSOR, *Secretary.*

UNITED STATES MARITIME COMMISSION.

[General Order No. 4]

PROCEDURE FOR HANDLING ADJUSTMENTS OF OCEAN MAIL CONTRACTS

NOVEMBER 17, 1936.

Effective this date, Commissioner George Landick, Jr., has assumed direction of the adjustment of existing ocean mail contracts, pursuant to the provisions of Title IV of the Merchant Marine Act, 1936, and the various functions incident to such adjustments will be supervised directly by him.

The development of statistical data and information required for such adjustments will be in direct charge of the Director of the Division of Research, under the supervision of Commissioner Landick.

James Craig Peacock, Special Counsel, will act as adviser to Commissioner Landick in connection with ocean mail contract adjustments in consultation with the Acting General Counsel of the Commission.

By order of the United States Maritime Commission.

[SEAL] TELFAIR KNIGHT, *Secretary.*
