Executive Order

In order to effect the more expeditious construction of the wooden surveying vessel PILOT for the Coast and Geodetic Survey, Department of Commerce, needed for work in connection with war measures and by virtue of the provision of the Act of Congress, approved March 4, 1917, entitled "An Act making appropriations for the Naval Service for the fiscal year ending June 30, 1918, and for other purposes," (39 Stat., 1192) whereby among other things, it is provided, "That in case of National Emergency the President is authorized to suspend provisions of law prohibiting more than eight hours of labor in any one day of persons engaged upon work covered by contracts with the United States: *Provided further*, That the wages of persons employed upon such contracts shall be computed on a basic day rate of eight hours' work with overtime rates to be paid for not less than time and one-half for all hours' work in excess of eight hours," I do hereby suspend the provision of law prohibiting more than eight hours of labor in any one day by persons, firms or corporations engaged in the construction and completion of the above-mentioned vessel. This order will take effect from and after this date.
