Executive Order

The Executive Order of September 14, 1925, prescribing the Army ration, is amended by adding Note 5 to paragraph 1 relating to the garrison ration as follows:

Repealed
No. 4580

Note 5.—In special cases where, due to local conditions, the unusually small size of the detachment or the character of the work upon which the enlisted men are engaged, the additions authorized in Note 4 above are insufficient for the proper subsistence of the men, the Secretary of War is authorized to make such additional increase as may be necessary, provided the total allowance thus authorized shall be less than the monetary allowance prescribed for subsistence for enlisted men when rations in kind are not furnished and Government messing facilities are provided.
