Executive Order

Mrs. Jeannette Warren may be employed as clerk under the Naval Establishment without regard to the civil service act or rules.

This Order is issued upon recommendation of the Secretary of the Navy. Mrs. Warren's husband was formerly a Gunner's Mate, first class, United States Navy, and met his death in line of duty in an airplane accident at the Naval Air Station, Pensacola, Florida.

The Civil Service Commission is unable to concur in this recommendation, as it can recommend waivers only when procedure under the rules will not meet the needs of the service.

Done for charity.
