Temporary

4742

Executive Order

Mr. W. S. FitzSimons may be reinstated to the position of associate engineer in the Engineer Department at Large, without regard to the length of his separation from the service. Mr. FitzSimons resigned without prejudice from the position of assistant engineer on August 31, 1920, after almost continuous service which began in 1902.

The Secretary of War recommends this order on the ground that there is no employee available for transfer and no eligible on the register with the requisite qualifications.

The case is submitted without recommendation by the Civil Service Commission.

For the good of the service.

CALVIN COOLIDGE

THE WHITE HOUSE,
October 12, 1927.
