Executive Order

Dr. Howard M. Batchelder of Sterling, Colorado, may be reinstated to a position in one of the divisions of the Bureau of Animal Industry, Department of Agriculture, without regard to civil service requirements.

Dr. Batchelder resigned from the position of veterinary inspector March 24, 1917, to enter the military service but, being prevented by age, he engaged extensively in raising foodstuffs during the war. He was prevented from accepting reinstatement near the close of his eligibility by the fatal illness of his wife. He has had approximately eighteen years of service with the Department of Agriculture.

This order is recommended by the Secretary of Agriculture. The Civil Service Commission concurs.
