Executive Order.

The Executive order of February 14, 1912, permitting employees in the executive civil service permanently residing in certain incorporated municipalities adjacent to the District of Columbia to become candidates for or hold municipal office therein, is hereby amended by inserting the following as the second paragraph of said order:

Employees of the executive civil service qualified to vote at a municipal election of the town of North Beach, Maryland, will not be prohibited from becoming candidates for or holding municipal office in or under said town of North Beach, Maryland.

This order is recommended by the Civil Service Commission, for the reasons that North Beach is a summer resort, practically uninhabited for eight months of the year, it being inhabited during the other four months by residents of Washington, D. C., almost exclusively, the right to vote depending upon the ownership of real estate in the town and not upon residence therein, and that about twenty-eight per cent of the qualified voters are in the executive civil service of the United States.
