Executive Order.

Section 1 of Regulation II of the regulations governing the employment of unskilled laborers in Federal offices outside of Washington, D. C., promulgated December 12, 1904, and amended July 12, 1905, and November 22, 1907, is amended so as to reduce from 60 to 50 years the maximum age limit for admission to the examination. As amended the section referred to is as follows:

> Sec. 1. No person shall be admitted to examination who is not a citizen of the United States or who is less than 20 or more than 50 years of age, except that veterans of the Civil War who have been honorably discharged may be examined without regard to their age.

This amendment was recommended by the Treasury Department as being for the good of the service, and was indorsed by all but two of the other departments interested. The Civil Service Commission joins in recommending the amendment.
