2906

Executive Order.

CALIFORNIA.

Pub. L. [illegible]

Under authority of the Act of Congress approved June 25. 1910 (36 Stat., 847), as amended by the Act of August 24, 1912 (37 Stat., 497), it is hereby ordered that the public lands in the following described areas be temporarily withdrawn from settlement, location, sale or entry, subject to the provisions of the aforesaid acts in aid of pending legislation embodied in Bills S. 2021 and H. R. 10929, 65th Congress, to wit:

Beginning at a point on the east boundary line of the Sequoia National Park which is on the range line between ranges thirty-one and thirty-two east of the Mount Diablo meridian, in township eighteen south of the Mount Diablo base, California, where said range line intersects the hydrographic divide between Little Kern River and Soda Creek; then southeasterly along the hydrographic divide between Little Kern River and Soda Creek to the junction of Little Kern River and Quail Creek; thence easterly along the hydrographic divide between Quail Creek and Lion Creek to the summit of the Great Western Divide; thence southeasterly along the Great Western Divide to Coyote Peak (United States Geological Survey bench mark ten thousand nine hundred and nineteen feet); thence easterly along the hydrographic divide through sections thirty-one and thirty-two, township eighteen south, range thirty-three east, and section four, township nineteen south, range thirty-three east, to the junction of Kern River and Little Creek, about one-quarter mile south of Kern Lake and between that lake and Little Lake; thence easterly along the main divide south of Little Creek and between Golden Trout Creek and Cold Creek (tributaries of Kern River) to the summit of Kern Peak (United States Geological Survey bench mark eleven thousand four hundred and ninety-three feet, triangulation station); thence northerly and easterly along the hydrographic divide between the South Fork of Kern River and Golden Trout Creek to the summit of the Sierra Nevada Mountains; thence northerly and westerly along the main crest of the Sierra Nevada Mountains to Pine Creek Pass, at the head of a tributary of Piute Creek, which flows southwesterly through French Canyon; thence following southwesterly down the west bank of said creek through French Canyon and continuing along west bank of Piute Creek to the junction of the South Fork of San Joaquin River and Piute Creek; thence southerly along the main hydrographic divide to the summit of Mount Henry (twelve thousand one hundred and ninety-seven feet); thence southeasterly along the hydrographic divide between the drainage of the South Fork of San Joaquin River and the drainage of the North Fork of Kings River to the junction with Goddard Divide; thence southerly and westerly along the hydrographic divide between Goddard Creek and the drainage of the North Fork of Kings River, and along the divide between Crown Creek and Blue Canyon Creek, along Kettle Ridge to Kettle Dome; thence southwesterly along the hydrographic divide to the junction of Crown and Fawn Creeks; thence westerly along the hydrographic divide between Fawn Creek and Rodgers Creek to Obelisk Peak; thence westerly along the main hydrographic divide south of Rodgers Creek to Spanish Mountain (triangulation station, United States Geological Survey bench mark ten thousand and forty-four feet); thence southerly along the hydrographic divide (Deer Ridge) to the junction of the South and Middle Forks of Kings River; thence southerly along the hydrographic divide between Ten-mile Creek and Lockwood Creek and along the Sequoia and Big Baldy Ridges to Big Baldy (triangulation station, United States Geological Survey, bench mark eight thousand two hundred and eleven feet); thence continuing southerly along the said hydrographic divide (Big Baldy Ridge) to the northwest corner of the Sequoia National Park, which is approximately on or near said hydrographic divide, between townships fourteen and fifteen south, ranges twenty-eight and twenty-nine east; thence east along the north boundary to the northeast corner of said national park; thence south along the east boundary to the point of beginning.

Beginning at that point on the west boundary line of the Sequoia National Park where it is intersected by the hydrographic divide between Redwood Creek and North Fork Kaweah River in township fifteen south, range twenty-eight east; thence southerly along the said hydrographic divide to the junction of Redwood Creek and the North Fork Kaweah River; thence following down the west bank of the North Fork Kaweah River to the junction with Cactus Creek; thence southeasterly along the first main hydrographic divide south of Cactus Creek to where it intersects the west boundary line of the said national park, township sixteen south, range twenty-eight east; thence north along the said west boundary to the point of beginning.

Beginning at that point on the west boundary line of the Sequoia National Park where it is intersected by the hydrographic divide west of Alder Creek, between townships sixteen and seventeen south, range twenty nine east; thence southeasterly along said hydrographic divide to the junction of the Middle and East Forks Kaweah River; thence south and easterly along the hydrographic divide between the East Fork Kaweah River and Salt Creek, over Red Hill, to Case Mountain; thence southerly and easterly along the hydrographic divide (Salt Creek Ridge) between the South and East Forks Kaweah River to where it intersects the west boundary line of said national park, township eighteen south, ranges twenty-nine and thirty east; thence north and east along the said west boundary to the point of beginning.

Beginning at that point on the west boundary line of the Sequoia National Park, where it is intersected by the hydrographic divide east of Burnt Camp Creek, township eighteen south, ranges twenty-nine and thirty east; thence westerly along said hydrographic divide to the junction of Burnt Camp Creek and the South Fork Kaweah River; thence southeasterly along the hydrographic divide toward Dennison Mountain, to where it intersects the west boundary of said national park, township eighteen south, ranges twenty-nine and thirty east; thence north along the said west boundary to the point of beginning.
