Temporary

Executive Order

Whereas by the Act of Congress approved July 8, 1918, Public No. 189, 65th Congress, it is provided

> "That except as expressly otherwise authorized herein no part of the sums appropriated by this Act shall be expended in the purchase from private manufacturers of any material at a price in excess of twenty-five per centum more than the cost of manufacturing such material by the Government, or, where such material is not or has not been manufactured by the Government, at a price in excess of twenty-five per centum more than the estimated cost of manufacture by the Government: Provided, That whenever in the opinion of the President the situation is such as to justify such action he may waive the limitations contained in this section,"

And whereas, in view of the practical impossibility under existing conditions of making the estimates necessary to comply fully and adequately with said provisions, it appears that the situation is such as to justify a waiver of said provisions,

It is hereby ordered that during the present national emergency the limitations contained in the above section be and the same are hereby waived.
