Executive Order

WHEREAS, the present emergency has created a demand for supplies which cannot wholly be procured or supplied by privately owned or conducted factories not employing prison labor, it is ordered that the agents for the Departments or Bureaus charged with the buying of war or Governmental supplies are, for the period of the war, empowered in addition to any method of purchase or procurement now authorized, to place an order for such supplies with the superintendent or other head of any penal institution where persons are confined by any State, County or Municipal authority, willing to undertake the manufacture, production and delivery of such supplies; provided, that the compensation to be paid for such supplies shall, so far as possible, be the prevailing price for like commodities in the vicinity of the institution furnishing them. Compensation and hours of labor for inmates of any institution above specified, working upon such supplies, shall be based upon the standard hours and wages prevailing in the vicinity in which the institution is located. The pro rata cost of maintaining the inmates so employed shall be deducted from their compensation.

The Executive Order dated May 18, 1905, in so far as it is inconsistent with the provisions of this order, is superseded for the period of the war.
