3378 Temporary

Executive Order

Mr. Ernest D. Pickell may be appointed to the position of rural free delivery carrier at Huron, South Dakota, without regard to civil service examination.

This order is issued on the recommendation of the Postmaster General on account of this employee's faithful and efficient service, and because of the difficulty experienced in securing a permanent rural carrier to fill this position, his appointment would be in the interest of the service. He is disqualified from taking the required examination on account of his age, he being 52 years old.
