3750

Executive Order

For the purpose of further carrying into effect the provisions of Section 20 of the Act of Congress, approved June 10, 1922, relative to increased pay for duty involving flying, and allowance for traveling expenses incident thereto, the Executive Order of July 1, 1922, is amended by adding the following:

Ex 3750 3

(1) "Duty involving flying" is defined as any duty which requires participation in flights in aircraft as prescribed in Paragraph 9 of the Executive Order of July 1, 1922. The personnel of the Air Service of the Army and of the aeronautical organizations of the Navy, Marine Corps, and Coast Guard must be available at all times to render flying service. The rated personnel of these branches or services, and, subject to the limitations imposed by Section 20 of Act of June 10, 1922, such other personnel assigned or attached to these branches or services as the respective chiefs thereof designate for such duty, are and shall be, required to participate in flights as prescribed in said Paragraph 9 and this duty shall be duty involving flying and shall be performed in addition to any other duty or duties to which such personnel may be detailed. All of this personnel thus placed on duty involving flying shall participate in aerial flights as prescribed in said Paragraph 9, unless prevented from so doing by sickness or injury, or unless specifically relieved from the performance of such flying duty by the orders of competent authority.

(2) An "aerial flight" is defined as a journey in an aircraft and such aerial flight will begin when the aircraft leaves the ground or water and will terminate when again at rest on the ground or water.

(3) Compliance with Paragraph 9 of the Executive Order of July 1, 1922, shall constitute frequent and regular flights within the meaning of the Act of June 30, 1922, (Public 259), 67th Congress.

(4) Authorized leaves of absence of personnel detailed to duty involving flying shall not suspend such detail for pay purposes.

(5) "Travel by air" is defined as a journey in an aircraft made by orders of competent authority and which requires one or more landings away from the starting point.

(6) A "continuous journey by air" is defined as any journey performed in an aircraft under the orders of competent authority, from and return to the place of permanent station or to other final destination named in the orders, which requires one or more landings, provided that the stop, except that due to the causes set forth below, in any one locality does not exceed seventy-two hours.

(7) A "necessary delay" incident to one or more of the following conditions is a delay during a continuous voyage:

(*a*) Unfavorable weather conditions.

(*b*) Necessary repairs to aerial equipment.
