3965

Executive Order

RELATING TO THE DIVISION OF THE CANAL ZONE INTO TWO JUDICIAL DISTRICTS, AND AMENDING THE EXECUTIVE ORDER PROMULGATED MARCH 12, 1914.

Repealed 2-28-1924

By virtue of the authority vested in me I hereby establish the following order for the Canal Zone:

SECTION I. Section 1 of the Executive Order of March 12, 1914, is hereby amended to read as follows:

"Section 1. The Balboa Division of the District Court of the Canal Zone, in conformity with the Panama Canal Act, shall include all that part of the Canal Zone which lies within the lines of the ten mile zone and extends from the south bank of the Chagres River and the shore line of Gatun lake, 87 feet above mean sea level, to the Pacific Ocean, and in addition thereto the following territory, now a part of the Canal Zone:

Beginning at the crossing of the Rio Chagres and the 100-foot contour, said crossing being approximately two miles above the Alhajuela dam site, thence along the left bank of the Rio Chagres following the 100-foot contour to its crossing of the Que Moja Polla; thence following the Que Moja Polla to its headwaters in the saddle between the 280-foot contours in the Alhajuela plateau; thence following through said saddle, in a northeasterly direction, to the 260-foot contour; thence following the 260-foot contour up and around the Rio Chagres and its tributaries on the left bank to its crossing of the Rio Chagres at latitude 9° 16′ and longitude 79° 31′; thence following along the 260-foot contour down the right bank of the Rio Chagres to a point opposite Dos Bocas; thence following the 260-foot contour up the left bank of the Rio Pequeni in a generally northerly direction to its crossing of the river at latitude 9° 22′ 45″ and longitude 79° 31′ 45″; thence following the 260-foot contour down the right bank of the Boqueron at latitude 9° 23′ and longitude 79° 34′; thence down the right bank of the Boqueron, the Rio Pequeni, and the Rio Chagres always along the 260-foot contour to or opposite to the present United States Government reservation at Alhajuela; thence leaving the 260-foot contour, in an easterly direction, to and along the north boundary of the aforesaid Alhajuela reservation to the 100-foot contour on the right bank of the Rio Chagres; thence along the 100-foot contour upstream to the point of beginning, said point of beginning being on latitude 9° 13′ 09″ and longitude 79° 37′ 14″.

For that part above the dam site the continuous 260-foot contour is the boundary line, except where it leaves the Alhajuela Lake basin. In such case the boundary line is the 260-foot contour up to the middle line of the saddle, and thence it follows along the middle line of the saddle to the 260-foot contour on the opposite side, and thence along the 260-foot contour of the basin until the next low saddle is encountered, where the same procedure is followed. In that part below the dam site or outside the basin area there is included, in addition to the land already described, the area within the isolated 260-foot contour on the right bank of the river and just to the north of the dam site.

The total area to be taken over is twenty-two (22) square miles, more or less, of which the basin area comprises twenty-one and two-tenths (21.2) square miles, and the part below the dam site comprises the balance of eight-tenths (0.8) of a square mile. In the above description references to latitude and longitude are approximate only;

and the Cristobal Division of said Court shall include all of the territory within the lines of the ten mile zone, extending from the Balboa Division to the Atlantic Ocean, and the area of Gatun Lake beyond the lines of the ten mile zone up to the contour line of 100 feet above mean sea level and the islands in said lake; and the peninsulas bordering on said lake which have been taken by the United States for the purposes of the Panama Canal. The District Court of the Canal Zone shall exercise in said divisions as herein prescribed the power and jurisdiction conferred upon it by law and previously exercised in the two divisions of the Canal Zone."

SECTION II. This order shall take effect and be in force from and after the 26″ day of February, 1924.

CALVIN COOLIDGE

THE WHITE HOUSE,
February 26, 1924.
