## Title 45—Public Welfare

### CHAPTER I—OFFICE OF EDUCATION, DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

### PART 103—RESEARCH AND TRAINING, EXEMPLARY AND CURRICULUM DEVELOPMENT PROGRAMS IN VOCATIONAL EDUCATION

#### Exemplary Projects in Vocational Education Additional Criteria for Selection of Applicants for Fiscal Year 1975

On January 2, 1975, there was published in the FEDERAL REGISTER at 40 FR 8, a notice of proposed rule making which set forth additional criteria for applications for grants under Part D of the Vocational Education Act of 1963, as amended, 20 U.S.C. 1302(c).

Interested persons were given until February 3, 1975 to submit comments, suggestions, or objections to the proposed criteria. One comment was received which reads as follows:

* * * recommends that the criteria under which awards are made for Exemplary Projects in Vocational Education be amended to include "Its promotion of male and female participation in occupational (vocational) areas and programs which have tended to attract single sex enrolment." The thrust of this criteria would be to remove sex stereotyping and sex discrimination.

While the suggestion is timely and of a great deal of concern to the U.S. Office of Education, it is felt that the suggestion could be developed more appropriately as a program component under future Exemplary Projects in Vocational Education than as an added selection criteria for Fiscal Year 1975. Consequently, the U.S. Office of Education has determined that a focus on the elimination of sex stereotyping in occupational areas will be taken under advisement as a program component in Fiscal Year 1976 under Part D of the Vocational Education Act of 1963, as amended, 20 U.S.C. 1302(c).

The criteria therefore, are issued as originally published without change, as set forth below.

*Effective date.* Since the criteria are to be issued as originally published in the FEDERAL REGISTER under notice of proposed rule making without change, the criteria shall be effective March 31, 1975.

Dated: February 25, 1975.

T. H. BELL,
*U.S. Commissioner of Education.*

Approved: March 25, 1975.

CASPAR W. WEINBERGER,
*Secretary of Health, Education, and Welfare.*

Appendix A of Part 103 is revised as follows:

APPENDIX A

EXEMPLARY PROJECTS IN VOCATIONAL EDUCATION—ADDITIONAL CRITERIA FOR FISCAL YEAR 1975

A. *Priority of Awards.* In the granting of awards from funds available for the program (in addition to consideration of the criteria in 45 CFR 103.25 and 45 CFR 100a.26), the Commissioner has authority to give priority to applications which rank high on the basis of such criteria and which propose projects that involve, in one operational setting at the senior high school level, all of the following features:

1. A strong emphasis on guidance, counseling, placement, and continuing follow-up services.

2. A coordinated demonstration of the cluster concept for occupational preparation, utilizing at least five different occupational cluster programs which have been developed through previous local, State, and/or Federal research and development efforts. (The selected cluster programs should range from those dealing with public service and human service occupations through those dealing with manufacturing and construction occupations. The selected cluster programs should be implemented and demonstrated in such a way as to include a high level of involvement of educational, business, industrial, labor and professional organizations and institutions both in the classroom and in the provision of work experience and/or cooperative education opportunities.)

3. Articulation with occupational awareness and exploration programs in feeder schools at the elementary and junior high school levels and with occupational preparation programs at both the secondary and the post-secondary levels.
