3. No application for the lands may be allowed under the homestead, desert-land, small tract, or any other nonmineral public-land law unless the lands have already been classified as valuable or suitable for such type of application, or shall be so classified upon the consideration of an application. Any application that is filed will be considered on its merits. The lands will not be subject to occupancy or disposition until they have been classified.

4. Subject to any valid existing rights and the requirements of applicable law, the lands are hereby opened to filing of applications, selections, and locations in accordance with the following:

a. Applications and selections under the non-mineral public-land laws may be presented to the Manager mentioned below, beginning on the date of this order. Such applications and selections will be considered as filed on the hour and respective dates shown for the various classes enumerated in the following paragraphs:
